## What Happens At Your Event?

On the day of your event, you will be met by your dance instructor at your private venue who will briefly explain how the class will run. Then, it'll be time to get your dancing shoes on and begin to learn the basic moves and steps of your chosen routine!

During the class, everyone taking part will get to learn and practice the fully choreographed routine at their own pace, all whilst receiving lots of useful tips and tricks from your instructor, who will be on-hand to assist you all throughout the event.

Then, by the end of the class, you will have had plenty of time to run through each part of the routine before you all come together for one final performance!
