What Happens At Your Event?

On the day of your event, you will arrive at the venue where your activity will be hosted and meet your pastry chef instructor who will introduce themselves before explaining how the activity will run and what you'll ultimately be making. Then, everyone will be assigned to a section of the room to bake in.

During the event, everyone will get to try their hand at baking their very own delicious treats, with plenty of expert help and advice from your pastry chef host. All of your equipment and ingredients will also be provided for you.

By the end of the activity, everyone will have had the chance to bake four of their very own tasty creations before getting to try them out for yourselves. So even if you have no experience with the tricky art of baking, this class is perfect for both the experienced and complete beginners alike.
