## Event Overview

Our Mission Possible experience is a fantastic way to break out of the office environment for a day of problem-solving and teamwork. Packed with a variety of both mental and physical tasks, this event sees participants split into smaller teams to race against time and each other in order to be the best.

Throughout this activity, teams and their participants will need to communicate with each other effectively, as well as bring out a host of other soft skills like teamwork, problem-solving and decision making. With the two highest-scoring teams battling it out in a final challenge, only one can claim the top spot and be crowned the winners of the day!

## What Happens At Your Event?

On the day of your event, you and your teammates will be joined by a facilitator who will explain how the activity will run before splitting you all up into small teams. From here, each team will be assigned a bomb defusal box... but in order to figure out how to use it, teams must take part in a series of super-secret spy missions!

Throughout the activity, teams will take part in a host of physical and skill-based tasks in a bid to work out how to diffuse the bomb. This will include obstacle courses, building contraptions and even a round of laser snipers.

At the end of the activity, each team will need to bring out their collaboration skills and finally work out how to diffuse the bomb using the clues they've picked up from the challenges. To round off the event, the top two teams that manage to diffuse the bomb will be rewarded with 1st and 2nd place medals.

## What's Included?

- ✔ Experienced event manager to host your event
- ✔ Teams will receive a bomb disposal box
- ✔ Take part in a range of tasks to receive points and clues on how to diffuse the bomb before time runs out
- ✔ Teams then works together in the finale to diffuse the bomb!
- ✔ Full risk assessments & £5million public liability insurance
- ✔ Well-kept and maintained equipment
