## Event Overview

With our unique and exciting Soap Box Derby experience, you and your colleagues will have the chance to plan, design, build and race your very own soap box karts, similar to the hit TV series. Encouraging lots of creativity and collaboration, this also an inclusive event that everyone can try their hand at.

Using equipment and tools provided for you on the day, this is a brilliant activity to consider if you're looking to get out of the office environment for a day of hands-on, creative fun with plenty of healthy competition thrown in the mix.

## What Happens At Your Event?

On the day, your event will begin with a short briefing from your activity host who will detail how the day will run. Then, after splitting into smaller teams, each will get to take part in the qualifying rounds before getting down to designing and building their soap box karts.

During the event, each team will get to procure parts for their karts through the qualifying rounds before putting them together to build the ultimate racer. Then, each team will get to take part in a series of "heats" and undergo an MOT check before taking to the final race.

At the end of the event, those that manage to pass the finish line first with their soap boxes intact will be crowned the overall winners.

## What's Included?

- ✔ Experienced event manager to host your event
- ✔ Devise, create and construct the ultimate racer
- ✔ Compete in qualifying rounds, before delving into design workshops to procure parts & materials to fabricate your racers
- ✔ Your racers must then pass a safety check before competing in the final race
- ✔ Full risk assessments & £5million public liability insurance
- ✔ Well-kept and maintained equipment
