What Happens At Your Event?

On the day of your event, your facilitator will start off by giving you a short briefing on how the day will run before they split everyone up into smaller teams. When this has been done, it will be time for the team captains to get into their superhero suits!

During the event, teams will rotate around each challenge, battling it out for points in a head-to-head with one of the other teams. For every win you bag, you'll pick up some much-needed "energy bars" for you and your team, which will contribute towards your final score.

At the end of the activity, once each team has had a chance to go head-to-head on each game, the energy bars will be totalled up to determine who the top-two teams are. They will then head to the final challenge to compete for 1st place.

What's Included?

- ✔ Experienced event manager to host your event
- ✔ Split into teams and battle head-to-head to earn energy bars
- ✔ A mixture of inflatable, costume, skill & intelligence games
- ✔ The two teams with the most energy bars will battle head-to-head on our Superhero Assault Course
