What Happens At Your Event?

On the day, the games you've pre-selected will be there ready and waiting for you to play them. Before your event, we will send you a list of options for you to pick and choose from. If you've opted for a facilitator, they will give a brief rundown on how the activity will pan out before splitting you up into smaller teams.

During the event, each team will have around 10-25 minutes to play each game, competing against another team to bag as much fun money as they can whilst encouraging lots of friendly competition, teamwork and communication. Once you've finished, each team will rotate onto the next game, competing against a different team.

Finally, at the end of the session your facilitator will total up each team's winnings to determine who the overall champions are, crowning them the winners of the day!
