What Happens At Your Event?

On the day of your event, everyone taking part will get to download and install the bespoke game app on their smartphones. Then, if you've opted for a remote facilitator, they will join you for a short 15 minute briefing on how the event will run before you split up into teams of 4-6 people.

From there, each team will have just 90 minutes to explore as many GPS hotspots in your chosen town or city, answering questions and taking part in interactive challenges at each one in a bid to win as many points as possible.

After 90 minutes is up, each team will then make their way back to the meeting point for a short de-briefing where the scores will be totalled up and the winning team is announced.
