Event Overview

The perfect activity for testing mental agility, our Challenge 100 experience is a fantastic way for teams to bring out their collaboration and teamwork skills for a fun and fast-paced activity that everyone get involved in. Working in smaller groups, participants will need to work fast to beat the clock and score as many points as possible as well as taking part in intermittent scavenger hunts set up around the room.

With an activity co-ordinator there to run the session on the day and make sure that everything runs smoothly, this is the perfect way to test your team's ability to work together and under time pressure.

What Happens At Your Event?

On the day, the experience will begin with a short briefing on how the day will run from your activity co-ordinator. They will then split the room up into smaller teams before handing out the activity booklets and kits to each team. Inside these books are a list of challenges and tasks, each worth different amounts of points and varying in difficulty.

A large clock will be projected onto a screen that everyone can see, indicating how much time each team has to complete their list of challenges chosen from the book. When time begins, teams will then need to bring out their time-keeping and collaboration skills to solve as many as they can in a bid to win the most points.

Throughout the activity, your co-ordinator will intermittently ring the scavenger hunt bell. When this happens, you'll need to drop everything and switch to the hunt in a bid to win extra points and soar past the other teams on the leaderboard.

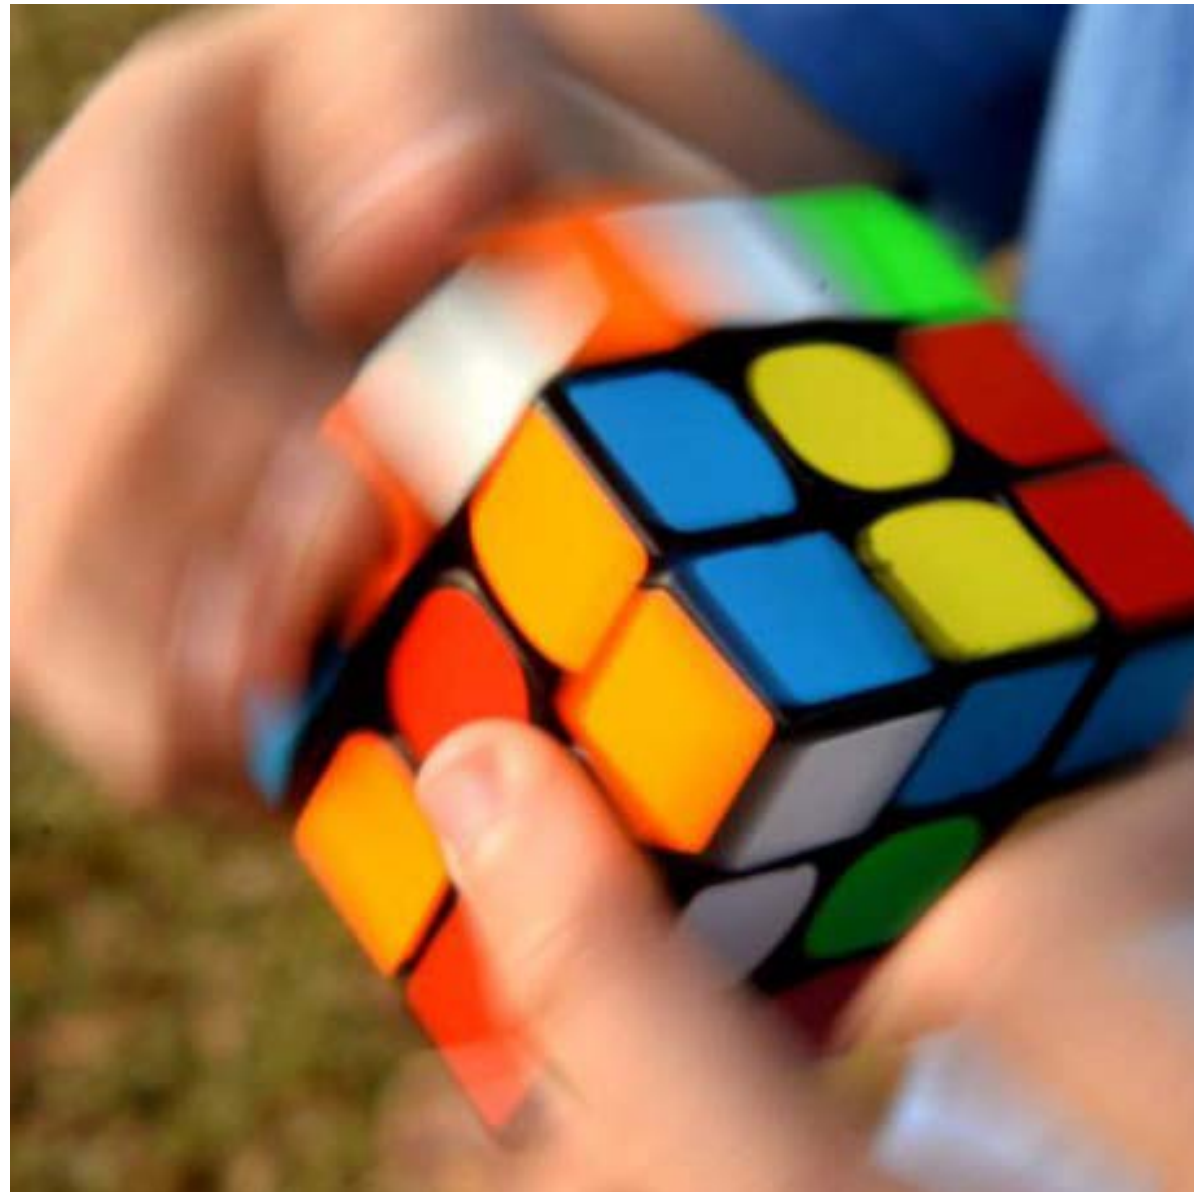

What's Included?

- ✔ Each team is given a red box & booklet with a list of challenges to complete
- ✔ Challenges are worth different points, so strategise which tasks to complete first
- ✔ All the tools required for the tasks
- ✔ Full risk assessments & £5million public liability insurance
- ✔ Breakaway tasks are set up around the edge of the room to complete at different intervals
- ✔ Well-kept and maintained equipment
