What happens at your event?

The activity will kick off with a short briefing from your instructors detailing how it will run before they split you up into your teams. From there, each team will begin the games with a fun torch carrying ceremony before heading to the first game! Throughout the day, participants will need to bring out some competitive spirit and hone their teamwork skills in order to score the maximum points. With a particular focus on strength and speed, this activity will test how well participants work in teams whilst under pressure.

With tonnes of games including shotput, archery, air rifles, crossbows and a hilarious bungee run to play throughout, the top three teams with the most points will get to stand on the podium and receive their prized medals at the end of the experience.
