## What happens at your event?

Arriving at the venue, our wonderful and creative host will begin the session by giving your group a friendly briefing on how the team building activity will run. They'll explain the materials available, share some tips and ideas, and set the tone for a relaxed, festive, and collaborative experience.

Each participant will then get the chance to explore a wide selection of decorations and craft supplies—ribbons, glitter, festive stickers, stencils, and templates—choosing their own unique combination of items to bring their Christmas cards to life. You'll have the freedom to create designs that are as classic, fun, or quirky as you like, making each card a personal reflection of your style.

Throughout the workshop, our host will be on-hand to offer guidance, spark inspiration, and provide helpful suggestions if you'd like a little creative push. Whether you prefer a minimalist design or a bold, glitter-filled masterpiece, there will be plenty of encouragement and festive cheer to go around.

By the end of the activity, everyone will have created a beautiful set of five personalised Christmas cards to take home, perfect for sharing with family, friends, or colleagues.

No prior crafting experience is needed—the session is designed for all skill levels and is as much about laughter and team bonding as it is about creativity. It's a chance to relax, chat, and get into the holiday spirit together while learning something new.
