What happens at your event?

Participants are welcomed by the event facilitators and introduced to the prison escape storyline before being split into teams of 6–8 people. Following a short briefing, teams receive their first clues and begin working together to solve puzzles, uncover hidden information and progress through the challenge.

As the clock counts down, teams must crack codes, unlock padlocks and complete a series of tasks to achieve their escape. The experience encourages communication, collaboration and strategic thinking, with the event concluding in a final race against time before the winning team is revealed.
