What happens at your event?

On the day of your event, your crafty workshop will begin with a short introduction from your activity host. They will explain how the activity will run before giving you a short demonstration on how to make your crafty creation.

During the class, all the materials and supplies you could possibly need will be at your disposal, so participants can get straight into planning, designing and creating whatever it is you've chosen for your class.

By the end of the workshop, everyone will have had the chance to make and perfect their creations. Then, when you're all finished up, your activity host will issue you a lovely gift box to take home with you and keep your creations safe.
