What happens at your event?

To begin, your facilitator will conduct a short briefing which will explain how the day will run before splitting the room up into smaller teams. These teams will work their way through different zones, each hosting mental, physical and problem-solving challenges.

Points will be awarded for each win you bag for your team. Doing so, participants will have the chance to identify and work on their soft skills from communication to collaboration, time-keeping and working in teams.

At the end of the activity, the teams with the highest score will make their way to the Crystal Dome finale before the day rounds off with a medal awarding ceremony to whoever won overall.
