## What happens at your event?

On the day of your event, you will arrive at your venue and meet your event host. They will go over how the day will run before splitting everyone up into smaller teams. Each team will be issued with a challenge that they must develop into a pitch.

Whether it be a marketing campaign, a business problem or something similar, teams will need to put their heads together to develop a pitch for the solution. Encouraging lots of good communication and problem-solving throughout, each team will then have to present their pitch to a team of dragons. They will get to ask questions and query your idea before deciding whether or not to invest.

At the end, the winning team will be announced and issued with their coveted gold medals.
