What happens at your event?

The event will begin with a short introduction from your activity hosts explaining how the event will run. They will then bring out a variety of drums of different sizes before assigning one to each of you.

During the event, your enthusiastic hosts will teach you a series of beats and rhythms that you'll get to practice and perfect for the duration of the class. With different sections of the room being assigned to a different rhythm or beat, participants will eventually bring everything they've learnt together for one final performance routine at the end of the event.

Your team will leave with smiles and a huge sense of comradery and achievement.
