What happens at your event?

On the day of your event, everyone taking part will get to download and install the bespoke game app on their smartphones. Then, if you've opted for a remote facilitator, they will join you for a short 15 minute briefing on how the event will run before you split up into teams of 4-6 people.

From there, each team will have just 90 minutes to explore as many GPS hotspots in your chosen town or city, answering questions and taking part in interactive challenges at each one in a bid to win as many points as possible.

After 90 minutes is up, each team will then make their way back to the meeting point for a short de-briefing where the scores will be totalled up and the winning team is announced.

Frequently Asked Questions

- ? Is the GPS: Spy School okay for large groups?**
Definitely! In fact, this activity can cater from 6 to 250 people split into smaller teams to take on the questions and challenges. As the price is per person, you have a lot of flexibility for both small and large groups.
- ? How many is in a team?**
We recommend keeping your team between 4-6 people no matter the group size so everyone can get involved in the tasks.
- ? Do you provide the smartphone for the GPS: Spy School?**
No, everyone can use their own smartphone devices on the downloadable app that we provide. This means you have full control of the event!

- ? How far could we walk?**
You can choose a lot of the route your group takes during the treasure hunt, but we usually say up to 3 kilometres at any given location.
- ? Does each player need their own device?**
You can play with one device per team, however we suggest everyone downloading the app. It's free, and this way the activity is more inclusive as everyone can see the questions & answer together.
- ? How is GPS: Spy School different?**
The structure of the event runs the same, however GPS: Spy School is more story-focused with a mission style adventure. All the questions, quizzes and challenges contribute to the story in the James Bond style game.
