What Happens At Your Event?

At the start of your event, you will get to make your way to a private venue in the city centre where your experience will be held. Here, you will meet your instructor who will be there to teach you the moves and steps to the songs you've selected.

During the event, participants will split into two teams to practice the routine, using microphone props to bring about that superstar energy. With fancy dress also welcome on the day, this gives participants the chance to let loose and enjoy themselves.

Once everyone has had a chance to practice and perfect their routines, it will be time for the two teams to go head-to-head in one final battle before your instructor decides who the winners are!
