What happens at your event?

On the day, your event will begin with a short briefing from your taskmaster host who will be there to explain how the day will run before you split off into smaller teams of 4-6 people. After that happens, each team will be issued a golden envelope with their given task inside.

During the event, members of each team will need to rack their brains and work together using collaboration and problem-solving skills in order to complete their given task successfully. Remember, the better you do, the more points you're likely to be awarded!

At the end of the day, each team's scores from each task will be tallied up, and your activity host will then announce who the overall winners are.
