What happens at your event?

The event will begin with a short introductory briefing from your activity host who will explain how the experience will run before splitting everyone up into smaller teams. Then, it will be time to take on the cube!

You will be faced with a host of team-based and head-to-head challenges, giving teams the chance to earn extra fun money for their pot. Teams will also get some practice time before entering the “pressure zone”, where they must exercise caution and avoid mistakes and losing ‘lives’ as a result. There will be around 14 tricky challenges to attempt!

By the end of the activity, the team that has managed to rack up the highest score will be crowned the overall winning team of the day.
