What happens at your event?

The activity will start with a short briefing from your activity co-ordinator on how everything will run before they split the room up into smaller groups. Then, it will be time to go head-to-head competing against each other in a series of gameshow games. Even if you have some younger team members taking part that might not know or remember any of these games, this is an activity that's easy to get stuck into and learn the rules! With each win, you'll gain that all-important fun money which will be counted up at the end.

After each team has faced off with each other, your co-ordinator will total up the amount of fun money each team has won before determining who the highest scorers are. The two teams with the most money will then head into the Million Dollar Drop finale to battle it out for first place, with medals handed out in a presentation at the end.
