What happens at your event?

Prior to the event starting, everyone will download the bespoke game app on their phones. With the option to add on a remote facilitator to manage the event, they will explain how the activity will run before splitting everyone up into smaller teams of 4-6 people. Each team will also get to assign their own team name and make selfies for each member.

From here, teams will get to use the app's interactive map to track down the nearest GPS hotspots. At each hotspot, teams will be faced with a series of trivia questions, tasks and interactive photo/video challenges, earning points for each successful attempt.

With a live scoreboard on the app to keep track of other teams' progress, those with the highest score at the end of the activity will be crowned the overall winners of the day!
