Sound Bath Class.

What happens at your event?

The host will arrive at your location (e.g. venue or office) and will do a meet and greet. They'll give an introduction to what a sound bath is, how it is done and how it can help. The host will bring all the tools of the trade with them such as gongs, bowls and chimes and will ask everyone to lie down, relax and get ready to experience the soothing sounds of a sound bath.

The host will do all the work creating all the amazing sounds, all the team needs to do is lie back and enjoy some calming down-time. The class is aimed to increase awareness and promotes a deeper sense of relaxation, making it the perfect way to improve team dynamics, communication, and overall well-being. The class will last an hour in total, more than enough time for the whole team to unwind and rejuvenate.
