Taming of the Throne.

What happens at your event?

On the day, your event will begin when each participant is split up into smaller teams before putting on their tabards and delving into the mysterious world of Westeros with their colleagues!

During the event, each team will make their way around a series of medieval themed activities such as building a catapult, jousting and taking part in an archery and axe throwing competition to name but a few, giving everyone a chance to explore their hidden talents.

By the end of the event, the team that has achieved the most success across each game and task will be crowned the winners and, finally, take the throne for themselves!
