What happens at your event?

Everything comes to your venue. The co-ordinator will welcome everyone and explain the plot, split you into small teams and show you real techniques that Police in the UK use to solve crimes in modern-times. The event itself has been designed by real ex-Scotland Yard Detectives, so you can count on the event being realistic and engaging. Teams will have to work together to examine items and conduct forensic analysis to decipher clues as well as analysing blood spatter patterns, lift fingerprints & look at hair/fiber under the microscope.

Teams will head outdoors to track an informant who will help deliver vital intel to help solve the case. Make sure you bring your problem-solving, teamwork and communication skills to the table - this is a contest to see which team can complete the task most efficiently and effectively. The winning team will receive prizes at the end of the activity.
