What happens at your event?

On the day, your event will kick off with a short introduction from your dance instructor. They will explain how the activity will run before you start learning the basic moves and steps of this iconic dance routine.

During the class, participants will also have the option to go behind the scenes and help the costume and makeup designers re-create that terrifying zombie look, making this a particularly good event to consider if you're looking to incorporate some creative fun into your day. There'll be mood lighting, smoke effects and graveyard props to really help immerse everyone into the event.

After learning all the moves and steps to the routine, you'll complete a final performance.
