# Virtual Away Day.

## What happens at your event?

This activity is completely self-run, there is no event host unless you require one.

To keep this team event simple, all you need is the app that we'll send you the information for plus be connected to a Teams/Zoom call between you and your fellow colleagues. You should split into small teams of 4-6 people to keep things competitive, inclusive and fair.

You can choose the time to activate the virtual away day, meaning you can start the day with some friendly competition or create an after work social event and invite colleagues to bring a beer! Whatever it is you choose to do, virtual away day is a versatile activity that you can easily work into the rest of your plans.

In your small teams, you'll complete a series of fun interactive challenges. The app will respond when your groups have answered questions, with points awarded to groups who reach a matched answer, so communication really is the key here!

You'll come back together at the end of the event and see who's won the game!
