## What happens at your event?

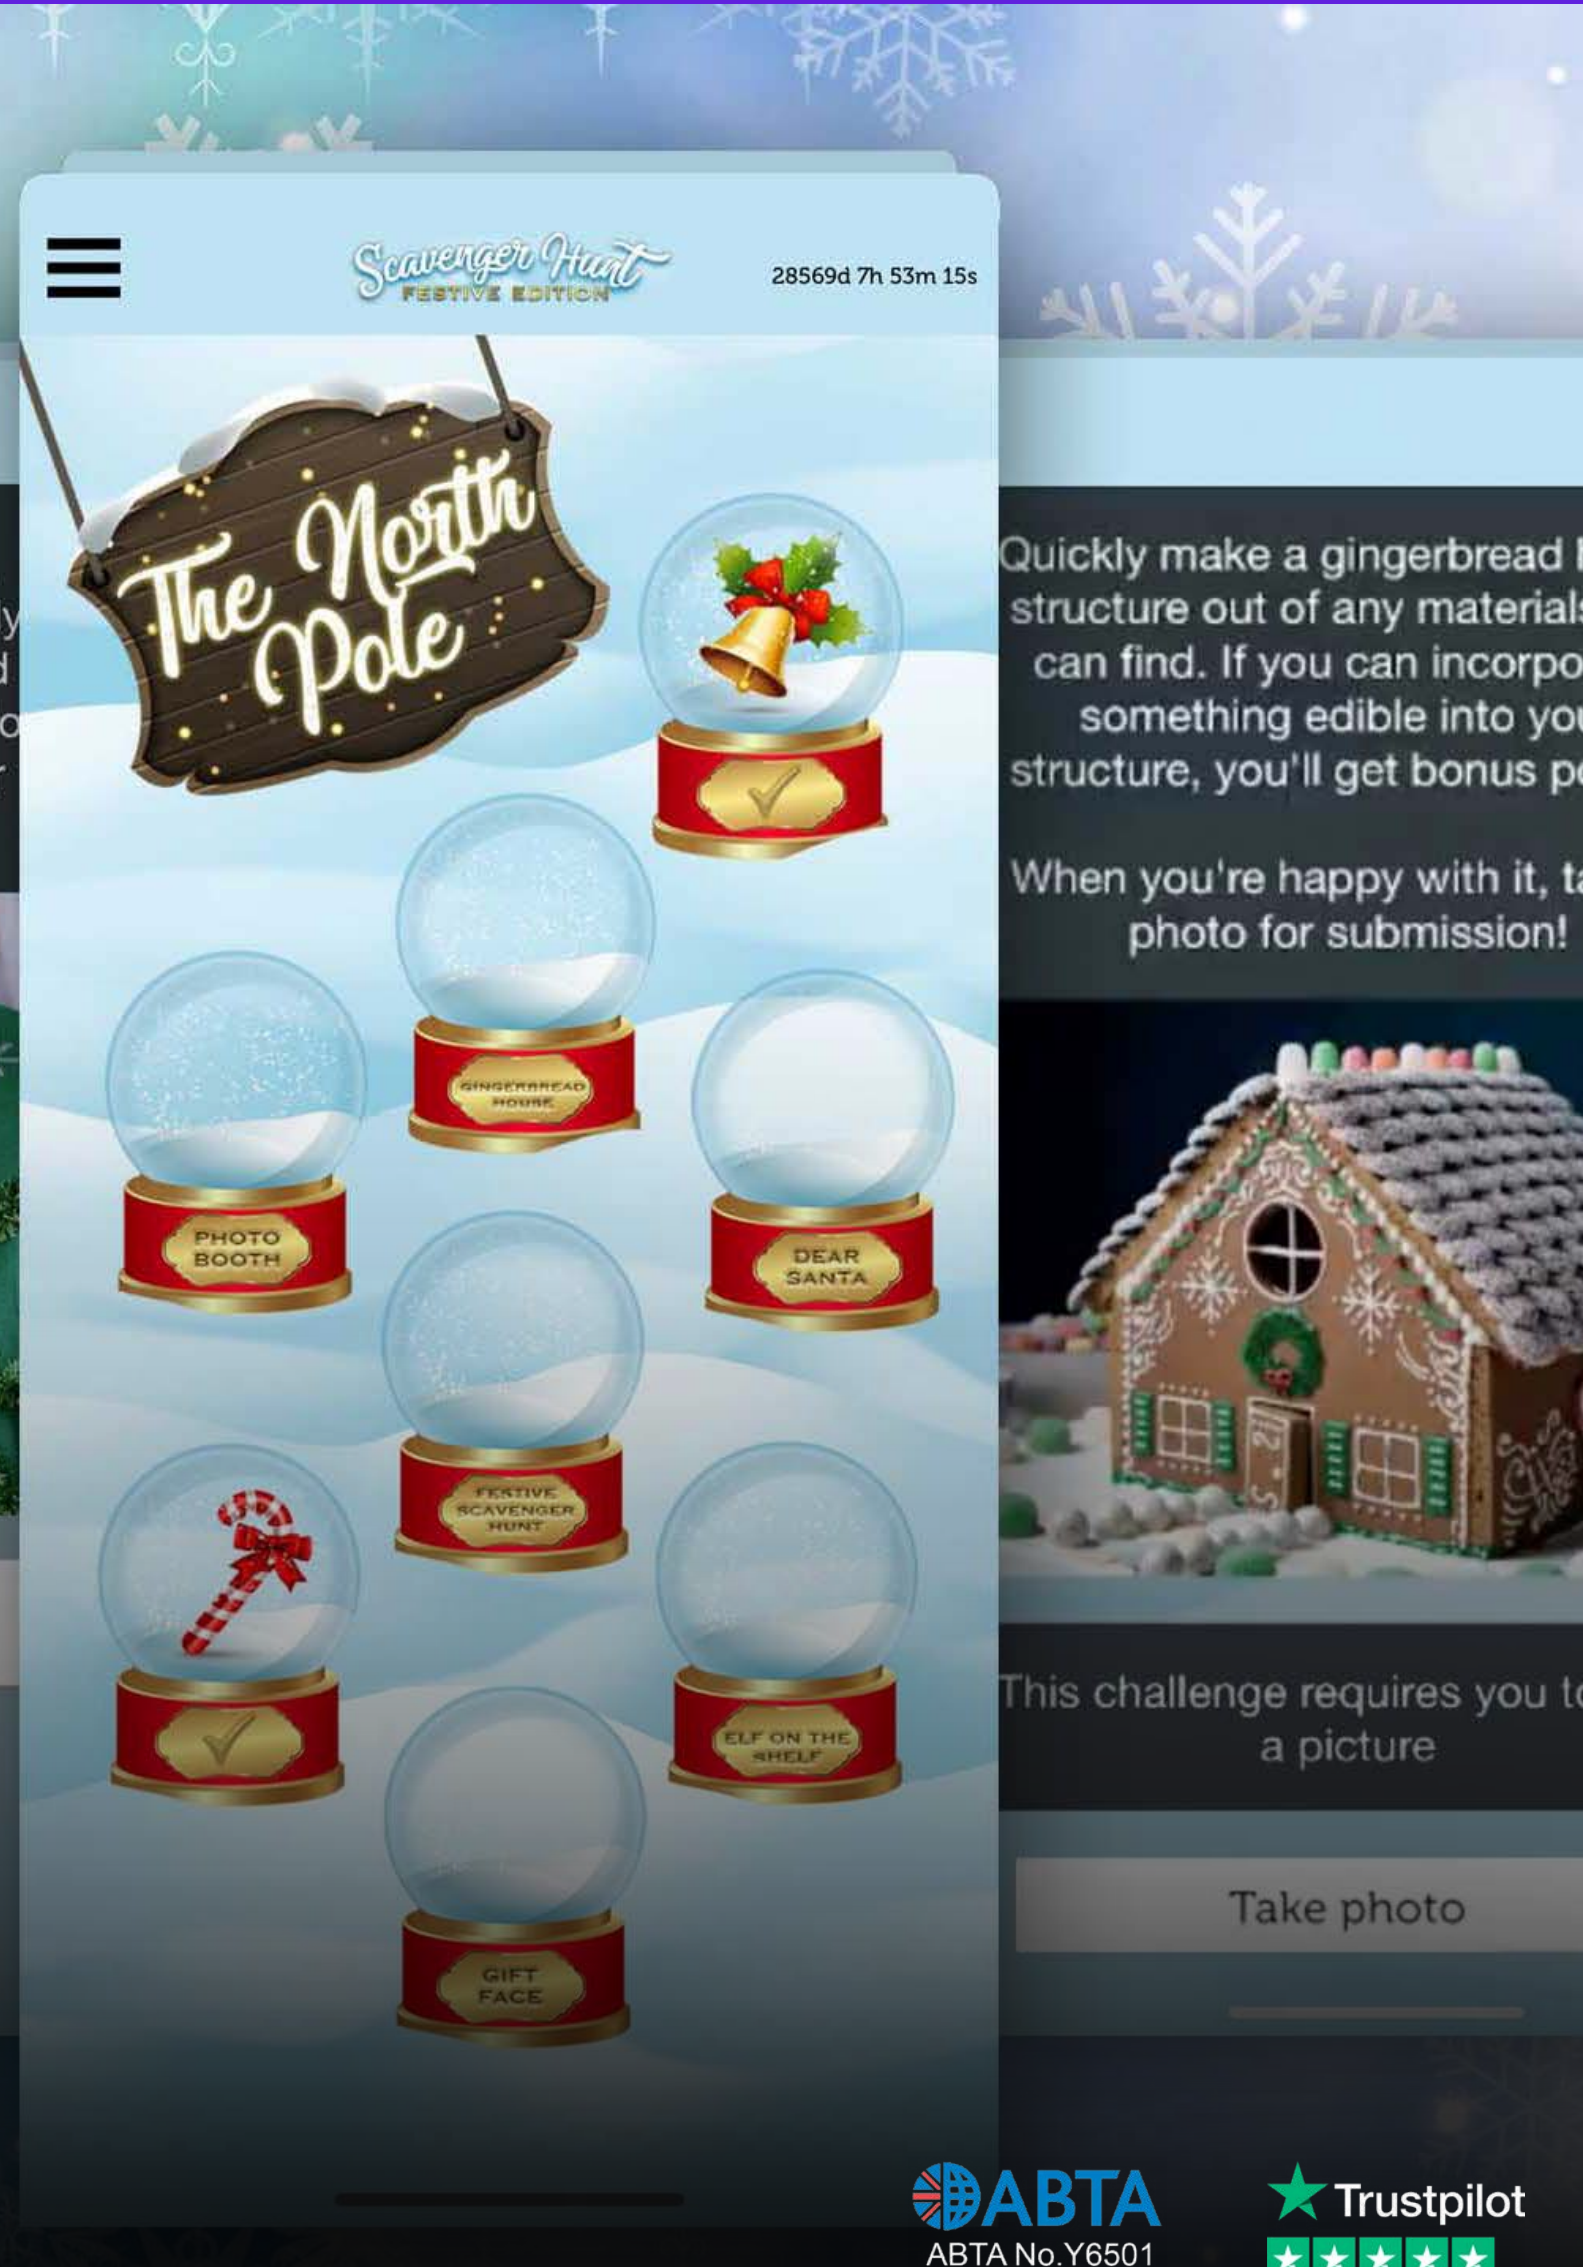

The event will kick off with a short briefing from your remote host who'll run through all the details of the game before splitting the room up into smaller groups of around 3-4 people.

From there, **Round 1** will start which will see each group split off into their breakout rooms for the first round for a quick icebreaker.

In **Round 2**, everyone will be brought back together to complete eight interactive photo & video challenges in a bid to win as many points as possible.

For **Round 3**, each group will split back off into their breakout rooms for a quick-fire round, giving the low scorers a chance to climb back up the leaderboard before the activity finishes!

The remote host will bring everyone back for a fun wrap up showing the best photos and videos the event and will announce the winning teams.
