## What happens at your event?

Before your event day, you'll be asked to download the quiz app onto your smart devices so everything is all set up ready to go.

When the day arrives, teams will join a Teams/Zoom video conferencing link all together along with a remote event host. The host will go through all the rules and split the collective group into small competitive teams of 4-6 people (breakout rooms). This ensures maximum engagement. Our expert hosts will be available throughout the game to assist teams, promote communication and deliver a fun virtual wrap-up at the end of the activity.

You're all set to play the game! The clock will begin. Once time runs out, the game ends so it really is a race against time. This fun and festive game sees you and your workmates completing 12 tricky rounds of festive trivia questions, challenges and a whole lot more! Make sure you get your brains into gear and bring out your problem-solving skills to be in with a chance to beat everyone else!

When the allocated time is over, the event host will bring everyone back together to discuss the day, but more importantly, reveal the winning teams.
