### What happens at your event?

Prior to the event, you must pick one of two themes, each offer a unique feel and storyline.

Download the game app needed to play the game then join a video call link with your colleagues. Guided by a live host, you'll kick off with a tense briefing before splitting into smaller teams of 4-6.

From there, it's a race against time to solve puzzles, crack codes, and unlock the doors to progress your escape. With interactive challenges designed to boost communication and collaboration, your team will need to work together to uncover hidden clues.

Using a smart device with our app and a laptop for video conferencing, players will navigate a series of festive challenges featuring Tap & Reveal mechanics, codebreaking, and problem-solving tasks — all under the pressure of the countdown clock.

The event will end with a wrap up session hosted by the facilitator who will reveal who the winners are!
