What happens at your event?

You'll need to download the game app prior to the event date to ensure everything's all set up and ready to go!

To kick off the activity, you will be introduced by the event host and receive an informative and motivating introduction. They will brief you on how the event will operate and go over some basic rules. They will also explain to you how points can be scored on tasks, bringing you ever-closer to victory. They will be able to help you with any questions or issues you may have.

They'll then split you all into groups of 4-6. By this time, you'll be ready to embark on your pirate adventure! Each squad will elect a Captain so teams can work quickly as well as make calculated, group-based decisions in order to succeed.

During the game, you'll use a map filled with challenging puzzles to tricky tasks, earning points as you get ever-closer to the treasure at the end! You can check rival team's progress on a live scoreboard to keep a competitive edge and as a push to keep going.

Tasks can vary but can include photo and video challenges plus themed trivia questions.

The event host will bring everyone into a collective conference call at the end via Teams/ Zoom and announce the winning team.
