Virtual The Pitch.

What happens at your event?

The event will kick off with a short introduction from your co-ordinator who will go over the basics. They'll then split you up into smaller groups before the activity gets started. You'll need to identify everyone's strengths and weaknesses before assigning roles.

With three stages involved, you will get to complete challenges and photo/video tasks, earning points for your team and pushing you further up the scoreboard. When it comes to the finale, who will pitch the best product and be voted the best of the bunch?

Using the latest smartphone technology, The Pitch team building activity takes place entirely on your mobile device with an easy-to-use and bespoke app. From assigning roles to completing tasks and challenges, the app will keep track of everything for you.

Teams will take in turns pitching their ideas in presentation form with the collective then deciding which is the best idea of the bunch. The host will wrap up the event with an awarding ceremony.
